

Centurion Blast Cleaning Ltd

Quality Policy Statement

Centurion Blast Cleaning Limited is committed to providing a quality blasting, painting and powder coating service through the development of strong relations with customers and robust business processes. We achieve this through the implementation of a Quality Management System which meets the requirements of ISO1 9001:2015.

The company processes have been developed to ensure statutory, regulatory and customer requirements are identified and met.

The organisation is committed to continual improvement of the quality management system through the development of measurable objectives that are aligned with this policy statement in terms of customer satisfaction, quality and delivery performance.

Environmental Policy Statement

Centurion Blast Cleaning Limited is committed to minimising the environmental impact from the company's activities. We achieve this through the implementation of an Environmental Management System which meets the requirements of ISO 14001:2015.

We are committed to complying with our compliance obligations, preventing pollution and continual improvement in order to enhance environmental protection.

Our Environmental Management System is documented, implemented, maintained and communicated to all employees.

Where relevant, we will work with clients and suppliers' Environmental Management Representative to achieve shared goals and objectives.

Performance is monitored through Environmental Objectives and KPIs which are reviewed by the Senior Management Team.

The policy is available to all interested parties.
